Presents:
“Come Unto Me: Vulnerable Community In the Kingdom of God”

This workshop is designed to bring together people with developmental disabilities and faith communities in order to hear the powerful story of the vulnerable community in our midst. Our aim is to use this time together to hear the stories of this hidden community and to begin a conversation here at the seminary and in our faith communities about what it would mean to invite all of God’s people to fellowship and communion with Him as the faith community.
