

**DISTINCTION IN SERVICE to the COMMUNITY PROGRAM**

UMDNJ- Robert Wood Johnson Medical School  
Office of Community Health and Office of Student Affairs

**Interim DISC Student Advisory Committee Meeting Form**

The purpose of the Student Advisory Committee is to guide the DISC candidate during the period of his DISC community intervention project. The Committee consists of the project advisor (mentor), a DISC Committee Liaison and one other community or faculty member who has expertise in the field of the proposed project. The Committee shall meet with the student during the period between the initial meeting and final evaluation to discuss the progress of the community project and assist the student in completing the DISC program. The student is encouraged to meet with the committee as needed but at a minimum annually during the project period. This original completed form must be returned to the Office of Student Affairs
